

INVITATION

3. International NEXT Façade Summit: Think Globally, Build Locally

Thursday,
June 24, 2021
at 4:00pm (CET)
as a livestream event

WICONA, together with the NEXT Partners, cordially invite you to the 3rd International NEXT Façade Summit on June 24, 2021 as a livestream event.

What are the special requirements for the planning and construction of facades in international markets? Where are the opportunities and where are the pitfalls in the implementation of complex building envelopes in a global context? These and other highly topical questions will be explored at the 3rd edition of our English-language International NEXT Façade Summit event series.

This time, leading minds from the world-renowned planning and architectural firms **Ron Arad Associates** (London), **LAVA** (Berlin), **Cyrus Moser Architects** (Frankfurt) and **Henning Larsen** (Copenhagen) will offer personal insights into their daily work. Using examples from outstanding best practice projects, they will shed light on the challenges of planning and construction processes and report on innovative concepts in a variety of countries.

You can look forward to unique façade architectures, inspiring projects and practical suggestions for your daily work.

The presentations will be held in English.
