NEXT SUMMER PARTY

For 2 years WICONA and its Partners at the NEXT Studio have presented the latest trends in urban technical innovations, functionality and design. At the same time, the Studio has become a well-established meeting place and is known for its high level events.

We celebrate our second birthday and the start in our third year with the NEXT Summer Party on September 12, 2019. Join your professional network in a relaxed atmosphere, meet all NEXT Partners and find out from Lutz Wagner, a former top referee within the German soccer league, how to stay focused and make tough decisions in a stressful situation.
